

City of Bellevue
ANNUAL TITLE VI UPDATE ACCOMPLISHMENT REPORT
Report Period: January 1 – December 31, 2013

I. POLICY STATEMENT

No changes to the City's Title VI policy occurred in 2013. We are currently working on a plan to submit an update to the City's Title VI Plan in 2014.

II. ORGANIZATION, STAFFING, STRUCTURE

- a. **Organization:** There were no changes to the Title VI Coordinator's reporting relationship in 2013.
- b. **Staffing:** The number of specialists on the Title VI team fully represents all functional work groups. To increase staff exposure to Title VI concepts, all specialists have been assigned to staggered two year terms. There was one vacancy on the team due to a death and the spot has remained vacant while the Right of Way work group worked to fill the vacancy. Information was given to this work group by other team members during this time. A modification to this structure may take place in 2014 during plan review.

The 2013 Title VI team was:

Kristi Oosterveen	Implementation Planning Title VI Coordinator	Female	Hispanic, Caucasian
Erikka Hildonen	Admin/Finance	Female	Caucasian, American Indian/Alaskan Native
Teresa Becker	Capital Projects	Female	Caucasian
Paul Krawczyk	Capital Projects – Design	Male	Caucasian
Dorcie Hulke	Finance	Female	Caucasian
Rebecca Rodni	Neighborhood Services	Female	Caucasian
Franz Loewenherz	Planning	Male	Caucasian
Tresa Berg	Public Information	Female	Native American
Max Jacobs	Real Property	Male	Caucasian
Phil Harris	Regional Projects	Male	African-British, Caribbean
Vacant	Right of Way		
Kam Szabo	Signals	Female	Indian
Darek Jarzynski	Traffic Operations	Male	Caucasian

- c. **Structure:** There were no changes to the supervisory structure in 2013.

III. TITLE VI MONITORING AND REVIEW PROCESS

In 2013, the Title VI team continued to focus the review process on how to better integrate Title VI outreach efforts into our broader public involvement process. Title VI responsibilities and tips were integrated into a new Public Involvement toolkit that was created in 2012 using SharePoint and launched in October 2013. Training on the toolkit is being given to all staff and projects are currently being populated into the tool.

IV. COMPLAINTS

There were no Title VI complaints in 2013.

a. Planning

- 1) How many planning consultant contracts were awarded and their dollar value?

The following new planning consultant contracts were awarded in 2013.

MAKERS Architecture and Urban Design, LLP	East Link Graphics and Visualization	\$49,500
Fehr & Peers	Multi-modal Level of Service - Citywide	\$25,000
Transpo	Transit Master Plan	\$39,977
Jarrett Walker	Transit Master Plan	\$54,969

The East Link Graphics and Visualization Project used the services of MAKERS Architecture and Urban Design LLP, a WDBE firm.

- 2) Describe efforts made to utilize minority and female consultants and subcontractors in federally funded contracts.

The City's shared procurement portal for professional services contractors sends an annual notice to WSDOT's Office of WMBDE to encourage application to the roster. The roster includes an indication of businesses that are women or minority owned and the project management process encourages selection of those designated contractors for evaluation.

The Title VI project manager checklist, within the Public Involvement Toolkit, for Title VI compliance encourages the selection of at least one WMDBE contractor and/or subcontracting team for all Transportation projects.

- 3) Describe any studies conducted to provide data relative to minority persons, neighborhoods, income levels, physical environments, and travel habits. What assistance did the Title VI Coordinator provide to ensure that Title VI considerations were included in the planning stage?

The City's Title VI project management process includes, as a first step, understanding affected stakeholders within the project area of influence. The Title VI team developed a GIS based tool that uses census data to assist project managers with this effort.

In 2013, a new GIS based demographics mapping tool was created and our online census data reports now reflect the latest census and American Communities Survey data that is used as a tool for outreach. As the tool was being updated the thresholds for the demographic information were reviewed and updated with the assistance of the demographer in the Planning Department. Also, a section of the Office of Emergency Management in the Fire Department is working on a community profile of vulnerable populations that will be available in 2014 that we will also use as a resource.

- 4) Identify the number of planning hearings held. Describe efforts to ensure citizen participation in the hearings, particularly by minorities and women. How many minorities and women both individually and through their organizations were represented, and their role(s) in the citizen participation effort?

No hearings on planning studies were held in 2013.

The Implementation Planning group held a public hearing on April 12, 2013 for the 2014-2019 Transportation Improvement Program. No public comment was given and no voluntary forms were filled out.

The City hosted a Spring Forward Expo for citizens to learn about more than 60 projects in various stages of development throughout the City of Bellevue. Flyers and notices were translated into six languages and distributed to various locations throughout the city. (See attachments). Over 100 people signed the attendance log and one voluntary form was completed (female, African-American/American Indian). Staff from various ethnicities and language backgrounds were also available to provide assistance if needed.

- 5) List any significant accomplishment goals and/or action items to be taken during the ensuing year.

Continued improvements were made to the voluntary check-in process, along with using various colored paper for the language forms and a welcome display in languages surrounding the forms. We want to improve communication to the citizens as to the reason why the form is important as we have found that many citizens are apprehensive about filling it out even if it is voluntary and no personal information is recorded.

Websites have been developed for various larger scale projects such as the Transit Master Plan (<http://www.bellevuewa.gov/bellevue-transit-plan.htm>) and an informational website about Bellevue's involvement in a joint project with Sound Transit regarding Light Rail (<http://www.bellevuewa.gov/light-rail.htm>) gives citizen's an opportunity to keep updated on the project and contact City staff directly with questions and concerns. Citizens can sign up to be automatically alerted to updates on the project's status.

Spring Forward Expo Bellevue City Hall April 24, 2013	104 attendees, 1 forms received (1 female)
Sound Transit East Link/Bel-Red Open House Bellevue City Hall September 10, 2013	31 attendees, no forms received
East Link Station Area Planning workshop Enatai Elementary School October 10, 2013	30 attendees, no forms received

- b. **Research (Generally not a local agency reporting area)**

Not applicable to the City of Bellevue

c. **Environment**

- 1) Environmental Impact Statements reviewed in 2013.

In 2013, the City completed the 2013-2024 Transportation Facilities Plan EIS. Appendix F contains the Title VI and Environmental Justice Analysis. View the document at http://www.ci.bellevue.wa.us/pdf/Transportation/2013-24_TFP_FEIS.pdf

d. **Design**

- 1) How many consultant firms currently have design contracts and their dollar value? How many of these are held by minority and women owned firms and their dollar value?*

The following new design contracts were awarded in 2013.

Reid Middleton	Lakemont Blvd SE/SE 63 rd Street/SE Cougar Mountain Way	\$169,481
HDR Engineering	NE 15th Street - 120th to 124th Avenues NE	\$2,108,799
Parametrix	130th Avenue NE and NE 16th Street	\$446,234
ARUP	East link Analysis and Development	\$374,000
CM Design Group, LLC.	ADA Improvements at 2014 Overlay Sites	\$273,090
David Evans & Assoc.	ADA Improvements at 2015 Overlay Sites	\$160,924

Of the six contracts in 2013, HDR Engineering utilizes a MBE subcontractor, Lin and Associates; and CM Design Group, LLC is a state certified WBE and federally certified DBE.

- 2) Describe efforts to increase minority and female participation in consultant contracts. Does the agency maintain a list of minority and woman consultants? If so, how many firms are on the list? How many are receiving contracts?

The City does utilize a shared procurement portal for professional services contractors and sends an annual notice to WSDOT's Office of WMBDE to encourage application to the roster. The roster includes an indication of businesses that are women or minority owned and the project management process encourages selection of those designated contractors for evaluation.

There are currently 54 WMBDE on the roster. Most are smaller firms with niche practices that are more appropriate as subcontractors rather than primes. The City's contracting practices do encourage use of WMBDE firms.

- 3) Identify the Design Program employees by title, ethnicity, and gender, and identify any vacant positions. Describe efforts to increase minority and female representation where it is low.

There was no change in the Design Program employees.

- 4) Identify Title VI complaints filed, if any, in the Design Program area. Provide a summary of each with basis, status, actions proposed and actions taken.

No Design Program complaints were received in 2013.

- 5) Identify any significant Title VI problem areas, accomplishments, and actions to take during the ensuing year.

Design Program project managers were trained on the new public involvement toolkit, including Title VI elements, in October 2013. Full deployment of the toolkit is expected in 2014.

An informational website about Bellevue Transportation's plans and projects

(http://www.bellevuewa.gov/transportation_plans_studies.htm) also gives citizen's an opportunity to keep updated on the plan and project in progress.

Public engagement opportunities in the community also keep citizens up to date on project information.

Wilburton Neighborhood Streetscape Enhancements: 124 th Ave Corridor Improvements south of NE 8 th Street Open House – June 20, 2013 Three Cedars Waldorf School	30 attendees, no forms received
---	------------------------------------

124 th Avenue NE: NE 8 th to NE 14 th Streets & 130 th Avenue NE: Bel-Red Road to NE 20 th Street Open House – July 31, 2013 Three Cedars Waldorf School	22 attendees, 1 form received (male)
Lakemont Blvd SE/SE 63 rd Street/SE Cougar Mountain Way Intersection Improvements – August 22, 2013 Lewis Creek Park Visitor Center	86 attendees, 2 forms received (Asian male and female)
Bel-Red East Link Extension Design Open House – September 10, 2013 Highland Community Center Sound Transit led process	31 attendees, no forms received
SE Newport Way Neighborhood Sidewalk Project – November 21, 2013 Eastgate United Congregational Church of Christ	14 attendees, 2 forms received (both female)
Wilburton Neighborhood Streetscape Enhancements – December 9, 2013 Three Cedars Waldorf School	38 attendees, 1 form received (female)

These events demonstrate the City's commitment to providing opportunities for public engagement within the neighborhoods most directly affected by proposed projects.

e. **Right of Way**

- 1) Identify the number of civil rights complaints filed, if any, in each of the following Right-of-Way functional areas:

In 2013, no Title VI complaints were reported for any Right-of-Way functional area.

- a) Appraisals
- b) Negotiations
- c) Relocation Assistance and Payments
- d) Property Management

- 2) How many appraisers were utilized and how many were minority and women? What efforts were made by the Title VI Coordinator to increase minority and women representation if they were low?

Seven appraisers were utilized in negotiation processes in 2013 but were not represented by a minority or women-owned business. The City must select an appraiser from the "WSDOT Approved Appraiser List" that at this time lists nine minority

businesses, but none were not qualified to provide the service we required.

- 3) Identify the number of negotiations. Does the negotiator's log reflect any disparity in negotiations with minorities as compared to non-minorities?

In 2013, Real Property staff negotiated with 41 parcels on 10 different projects. Bellevue's real property acquisition process parallels the requirements for federalized projects whether or not there are federal funds included in the project financing. As such, all property owners received at least the fair market value of the acquired property as determined by an independent appraiser.

Staff is developing a more rigorous format to complete disparity analyses, which will become a part of future reports.

- 4) Explain concerns, if any, raised by minorities or women about their options in the negotiation phase.

No concerns were raised in 2013.

- 5) Identify the number of relocations.

No relocations were completed in 2013; however, two relocation specialists were engaged to assist with relocation planning on projects in development. Relocation is expected in 2014 and 2015.

- 6) Describe concerns, if any, raised by minorities or women on replacement housing, referral housing and advisory services.

NA

- 7) Identify the number of contracts awarded for providing relocation assistance, the opportunities given to minorities and women to obtain these, and how many they received.

Two relocation specialists, both women-owned businesses, were hired by the City to assist in relocations associated with the NE 4th Street Extension, Phase II and 120th Avenue NE, Stage 2.

- 8) Describe special efforts made to comply with Title VI regulations?

If it is determined necessary by the Real Property Agent or requested by the property owner, an interpreter is hired to support the negotiations. A booklet about property owner's rights and the property acquisition process is available to property owners. In addition, all of the City's lease and deeds include the required Title VI provisions.

9) Identify Right-of-Way staff by name, job title, race and gender.

Max Jacobs	Real Property Manager	Caucasian	Male
Patti Ebert	Sr Real Property Agent	Caucasian	Female
Michael Murray	Sr Real Property Agent	Caucasian	Male
Marley Jo Marinacci	Sr Real Property Agent	Caucasian	Female

A Senior Real Property Agent (Caucasian female) retired in March, 2013 and the position was filled by Michael Murray.

f. **Construction and Maintenance**

- 1) Describe civil right complaints, if any, the agency received on their competitive bidding procedures, and the corrective action, if any was needed, that the agency has taken. Provide a summary of any concerns raised by MWBE about licensing, pre-qualifications, lack of sub-contracting opportunities, etc.

No complaints were received in 2013.

- 2) Summarize the efforts of the Title VI Coordinator to encourage the use of minority individuals, firms, or agencies for maintenance agreements or construction contracts.

The City's shared procurement portal for public works contractors sends an annual notice to WSDOT's Office of WMBDE to encourage application to the roster. The roster includes an indication of businesses that are women or minority owned and the project management process encourages selection of those designated contractors for evaluation.

The new public involvement/Title VI toolkit encourages the selection of at least one WMBDE contractor and/or subcontracting team for all Transportation projects. A Job Order Contracting (JOC) process recently established at the City requires the contractor to sub-contract out 90% of the job and make to efforts ensure these are WMBDE firms. The JOC

process includes both vertical and horizontal work and SABYR Construction, a WMDBE firm, was the City's first successful bidder for this process. They did a variety of jobs for the Transportation Department as well as Parks and Community Services and the Utilities Departments.

- 3) Describe any agency procedures that were reviewed to assure Title VI compliance in subcontract agreements, first and second tier, material supply and equipment lease agreements.

The City's construction inspection team is responsible for reviewing Title VI compliance in subcontract agreements, etc. A second level review is completed by the Transportation Contract Administrator.

- 4) List any significant accomplishment goals and/or action items to be taken during the ensuing year.

Community engagement is a governing principle for the City, therefore, we provide multiple avenues for citizens to learn about and participate in project development.

For example, for projects in neighborhoods we send out status update newsletters letting citizens know if a project is in the design phase, going to construction or a general project update. These newsletters provide specific information regarding amenities of the project, schedule timelines, next steps and who to contact if there are questions.

An updated online map, Projects in Your Neighborhood, is being developed and will allow citizens to find out pertinent information about projects they are interested in. A mobile application of this map is also in the development stages. The updated online application is slated to "go live" in 2014.

g. **Education and Training**

The City of Bellevue staff did not participate in any NHI educational and training programs in 2013.

- 1) Identify agency staff responsible for training by job title, ethnicity and gender.

Kristi Oosterveen, Program Administrator, Hispanic, female

- 2) Describe civil rights complaints filed, if any, concerning training and educational opportunities, and the corrective actions. Provide a summary of concerns raised, complaints filed, status, etc.

No complaints were filed in 2013.

h. **Administration**

- 1) Provide a summary list of employees by ethnicity, gender and title in each of the Title VI program areas.

There were no changes in 2013.

- 2) Describe activities undertaken to assure Title VI compliance with contractors and by contractors. (Title VI requirements are to be included in all contracts, subcontracts, and consultant agreements.) Describe reviews made to ensure contractors and consultants are apprised of Title VI requirements and to ensure that contractors and/or consultants are adhering to Title VI requirements.

Activities listed in the 2012 report were continued in practice for 2013.

- 3) Describe Title VI training, if any, that was provided, and how many participants attended, their titles, etc. Describe participation in any other kind of civil rights training (e.g., title and course content), and provide a list of participants by job title (e.g. supervisor, manager, etc.)

Title VI team members provided, if needed, one-on-one assistance to project managers who initiated planning, design and construction projects in 2013. A department-wide training on the Public Involvement toolkit and the Title VI elements was held in the fall with anticipated updates and refreshers to continue in 2014.

The City hosted a Diversity and Demographics workshop for neighboring jurisdictions and community advocates on September 10, 2013. The two-part workshop discussed how to better engage with the community for project development and how to better use census data for demographics and when writing grant proposals. Linda Clark from the US Census Bureau presented the census data materials.

You're invited to the

SPRING FORWARD EXPO

Projects blooming in Bellevue

Learn about more than 60 City of Bellevue projects currently underway.

**Wednesday, April 24, 2013
4–7 p.m., Bellevue City Hall**

*“Spring
is the
time of
plans and
projects.”*

*- Leo Tolstoy,
Russian Novelist*

We are planning for Bellevue's future and now is the time for you to see what is blooming. Join department directors, project managers, and city staff as they showcase projects and programs. Here are *just a few* of the many projects making a difference in your community:

- ✿ The **Bellevue Botanical Garden** expansion and the **Bellevue Youth Theatre** construction
- ✿ **NE 15th Street: 116th Avenue NE to 124th Avenue NE, Phase 1** design, **Lakemont Boulevard & SE Cougar Mountain Way** intersection improvements and the **Mountains to Sound Greenway Trail** final design
- ✿ The new bridge for **Coal Creek Parkway** between SE 60th and Forest Drive
- ✿ The **Comprehensive Plan Update** forming Bellevue's future
- ✿ The newly annexed **Eastgate Neighborhood** projects

Many of the projects will need your comments, while others will provide general information.

For more information: Please contact Tresa Berg, Public Involvement Manager, Transportation Department, at 425-452-4638 or Tberg@bellevuewa.gov or www.bellevuewa.gov/spring-forward-expo.htm

Parking: Bellevue City Hall is located at 450 110th Avenue NE, across the street from the Bellevue Transit Center. The building's main entrance and the visitor's parking garage are accessible from 110th Avenue NE. Parking is available on a first-come-first-served basis. If the Visitor garage is full, parking is available in the city's employee garage, 4 p.m. – 8 p.m. Follow directions from NE 6th Street.

The City will provide reasonable accommodations. This information will be provided in alternate formats for individuals upon request. We invite everyone's participation. Please provide two weeks notice for accommodation requests. Assistance for the Deaf/Hard of Hearing can be provided through the 711 Telecommunications Relay Service.

SPRING FORWARD Expo

Projects blooming in Bellevue

Приглашаем вас на
Весеннюю выставку «Форвард Экспо» ~ Проекты,
успешно реализуемые в Белвью
Среда, 24 апреля 2013 г.

С 4 до 7 часов вечера, здание муниципалитета Белвью
(Wednesday, April 24, 2013, 4 - 7 PM, Bellevue City Hall)

Ознакомьтесь с проектами муниципалитета Белвью,

SPRING FORWARD Expo *Projects blooming in Bellevue*

**Chúng tôi trân trọng kính mời các bạn đến dự
Hội Chợ Mùa Xuân ~ Những Dự Án Đang Được
Triển Khai tại Bellevue**

Thứ Tư, ngày 24/4/2013

4 – 7 giờ tối, tại Bellevue City Hall

(Wednesday, April 24, 2013 • 4–7 p.m., Bellevue City Hall)

Tìm hiểu trên 60 dự án của Thành Phố Bellevue hiện đang được thực hiện.

“Mùa Xuân
là mùa của
các kế hoạch
và công
trình.”

- Leo Tolstoy,
Tiểu Thuyết
Gia người
Nga

Chúng tôi đang quy hoạch cho tương lai của Bellevue và bây giờ là lúc mà các bạn có thể chứng kiến những gì đang triển khai. Hãy đến để cùng tham gia với các giám đốc sở, các quản lý dự án, và nhân viên thành phố để trình bày các dự án và chương trình. Sau đây chỉ là một vài dự án trong số nhiều dự án giúp tạo nên sự khác biệt trong cộng đồng của bạn:

- ✿ Mở rộng khu vườn bách thảo tên Bellevue Botannical Garden và xây dựng rạp hát cho thanh thiếu niên tên Bellevue Youth Theater
- ✿ Thiết kế NE 15th Street: 116th Avenue NE đến 124th Avenue NE, Giai đoạn 1, cải tiến giao lộ Lakemont Boulevard & SE Cougar Mountain Way và thiết kế cuối cùng Từ Núi đến Con đường mòn Sound Greenway Trail
- ✿ Xây dựng cầu mới cho Coal Creek Parkway giữa SE 60th và Forest Drive
- ✿ Cập Nhật Quy Hoạch Toàn Diện (Comprehensive Plan Update) hình thành tương lai của Bellevue
- ✿ Các dự án Vùng Eastgate mới được bổ sung

Nhiều công trình sẽ cần có ý kiến của các bạn, trong khi những công trình khác sẽ cung cấp thông tin chung.

Để biết thêm thông tin: Vui lòng liên hệ Tresa Berg, Giám Đốc Công Trình Công Cộng, Sở Giao Thông Vận Tải, ở số 425-452-4638 hoặc Tberg@bellevuewa.gov Để biết thêm thông tin: www.bellevuewa.gov/spring-forward-expo.htm

Bãi đậu xe: Tòa Thị Chính Bellevue (Bellevue City Hall) nằm ở số 450 110th Avenue NE, băng qua đường từ Trung Tâm Chuyển Tiếp Bellevue (Bellevue Transit Center). Lối vào tòa nhà chính và nhà đậu xe của khách từ đường 110th Avenue NE. Bãi đậu xe theo tiêu chuẩn xe ai đến trước thì đậu trước. Nếu bãi đậu xe dành cho khách hết chỗ, chúng tôi còn có chỗ đậu xe của Thành Phố, từ Thứ Hai – Thứ Sáu, 5 p.m. – 11 p.m. Đi theo hướng dẫn từ NE 6th Street.

Thành Phố sẽ đáp ứng cho các nhu cầu phải chăng. Thông tin này sẽ được dành cho những cá nhân có yêu cầu. Chúng tôi kính mời các bạn cùng tham gia chúng tôi biết trước hai tuần nếu các bạn có yêu cầu đặc biệt. Có cung cấp Điếc/Lăng Tai thông qua Dịch Vụ Tiếp Âm Viễn Thông 711.

SPRING FORWARD Expo *Projects blooming in Bellevue*

Le invitamos a la Feria De Primavera ~ Proyecto Floreciendo en Bellevue Miercoles, Abril 24, 2013 4 – 7 p.m., Bellevue City Hall

Informese sobre más de 60 proyectos en la ciudad de Bellevue que se están llevando a cabo en éste momento.

“La primavera
es la época de
los planes y
proyectos.” -
Leo Tolstoy,
Russian
Novelist

Estamos planeando el futuro de Bellevue y es ahora el momento para que usted vea qué esta floreciendo. Unase al departamento de directores, administradores de proyectos, y empleados de la ciudad mientras ellos presentan proyectos y programas. Aquí presentamos unos pocos de los tantos proyectos que están marcando una diferencia en su comunidad:

- ✿ Expansión de el Jardín Botánico de Bellevue y la construcción de el Teatro para Jovenes de Bellevue
- ✿ NE 15th Street: 116th Avenue NE hasta 124th Avenue NE, Fase de diseño 1, Lakemont Boulevard & SE Cougar Mountain Way mejora en la intersección y en el paseo Mountains to Sound Greenway Trail diseño final
- ✿ El Nuevo Puente en Coal Creek Parkway entre SE 60th y Forest Drive
- ✿ El Plan Comprensivo de Actualización formando el futuro de Bellevue
- ✿ El nuevo anexo proyecto de el Vecindario de Eastgate

Muchos de éstos proyectos precisan su comentario, mientras otros provean información general.

Para más información: Por favor contacte a Tresa Berg, Administradora de la participación Pública, Departamento de Transporte, al 425-452-4638 ó Tberg@bellevuewa.gov Para más información: www.bellevuewa.gov/spring-forward-expo.htm

Estacionamiento: Bellevue City Hall está ubicado en 450 110th Avenue NE, enfrente del centro de transporte Bellevue Transit Center. Acceda a la entrada principal y a el estacionamiento desde 110th Avenue NE. Si el estacionamiento se llena, puede estacionarse en el garage para empleados. Siga las instrucciones que se encuentran en el letrero a la salida del estacionamiento en la calle NE 6th. El garage de empleados se puede acudir de Lunes a Viernes, de 5 p.m. a 11 p.m.

Esta información está disponible para usted en caso de que usted la precise. favor avisenos con dos semanas de anticipación si va a necesitar acomodam gente con audición limitada con el servicio de telecomunicaciones 711.

SPRING FORWARD Expo *Projects blooming in Bellevue*

ご招待

新春エキスポ「ベルビュー この春のプロジェクト
2013年4月24日(水)

午後4時 ~ 7時 会場: ベルビュー市民会館

(Wednesday, April 24, 2013 • 4-7 p.m., Bellevue City Hall)

現在、ベルビュー市が行っている60以上のプロジェクトについてご説明します。

ベルビュー市の都市計画、そしてこの春何が起こっているのかをご紹介します。部門ディレクター、プロジェクトマネージャー、市職員による、担当プロジェクトやプログラムのご紹介に、是非ご参加ください。以下は、お住まいのコミュニティを変える数多くあるプロジェクトのほんの一部です。

春は計画と事業

の時期である」-

ロシア人作家

レフ・トルストイ

- ✂ ベルビュー植物園(Bellevue Botanical Garden)の拡大、およびベルビュー・ユースシアター(Bellevue Youth Theatre)の建設
- ✂ NE(North East) 15th Street: 116th Avenue NEから124th Avenue NEまでの第1期計画、Lakemont BoulevardとSE(South East) Cougar Mountain Wayの交差点の改善、および山々への河口遊歩道コース(Sound Greenway Trail)の最終計画
- ✂ SE 60thと森林ドライブコースをつなぐCoal Creek Parkwayの新しい橋
- ✂ ベルビューの未来を形作る総合的な都市計画の更新
- ✂ 新しく併合されたEastgate周辺のプロジェクト

他の一般的な情報もご説明しますので、プロジェクトに対するご意見を是非お聞かせください。

Wilburton Neighborhood Streetscape Enhancements

124th Avenue Corridor Improvements South of NE 8th Street

Project Background and Location

The 124th Avenue NE corridor is changing, and the City of Bellevue would like your help identifying how to implement streetscape enhancements south of NE 8th Street. This corridor, part of a larger system of improvements, connects the Wilburton neighborhood to the BelRed area and SR 520, transitioning from a residential area at the south end to a commercial and business area on the north.

Existing 124th Avenue NE

How do you want your neighborhood to look and feel?

In order to ensure that 124th Avenue NE best serves your neighborhood, the City needs to hear from you about how to provide streetscape features that address potential future traffic impacts in and near the corridor. This is especially the case south of NE 8th Street. What solutions do you think would work in your neighborhood? Share your ideas:

Attend the Community Open House

Stop by to learn more about the City's plans for 124th Avenue NE and help shape the streetscape south of NE 8th Street.

Thursday, June 20th

4:30 to 6:30 p.m.

5:30 p.m. Presentation

Three Cedars Waldorf School
556 124th Avenue NE

Volunteer to be on the Neighborhood Streetscape Committee

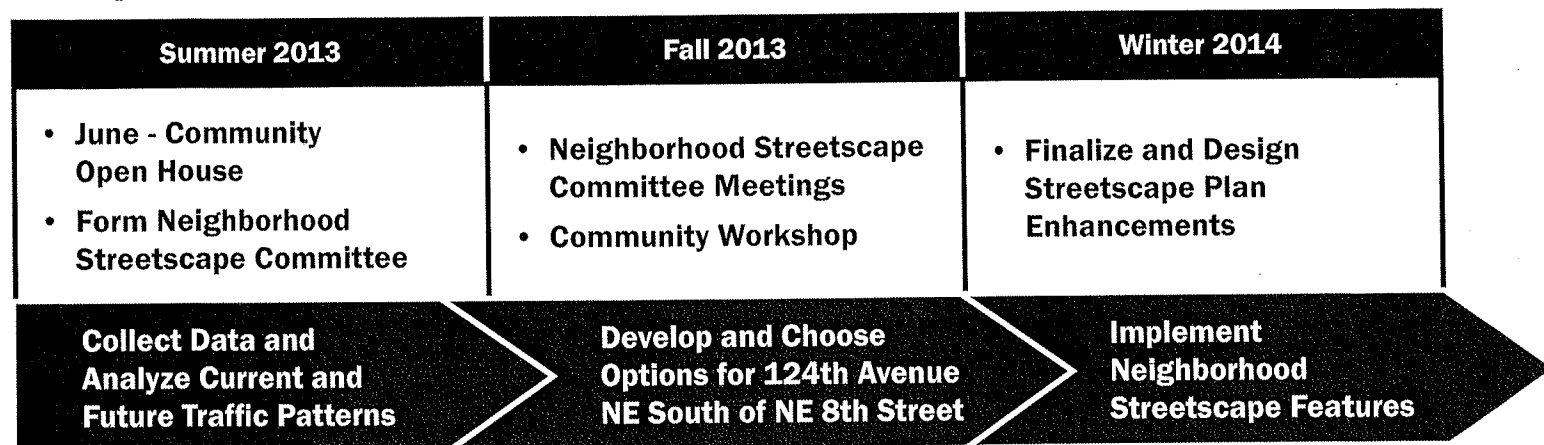

The City will convene a Neighborhood Streetscape Committee to explore 124th Avenue NE enhancements south of NE 8th Street in more detail. We are looking for 12-15 members from throughout the Wilburton neighborhood who:

- Represent diverse community perspectives and interests
- Are committed to approximately 15-20 hours of involvement over the next six months
- Will serve as a project liaison between their neighborhood and the City

If you are interested in participating, we need to hear from you by June 30, 2013. Please call or email the project manager, Marina Arakelyan at **425-452-4632** or marakelyan@bellevuewa.gov.

Project Schedule

Starting this summer, the City will engage the community to help identify streetscape enhancements that address potential future traffic impacts along 124th Avenue NE south of NE 8th Street.

Call, email, or submit written comments to:

Marina Arakelyan
124th Project Manager

Here's What's Happening

August 2013

Lakemont Boulevard SE/ SE 63rd Street/SE Cougar Mountain Way *Intersection Improvements* Open House

What is the Project Background?

The Lakemont Boulevard SE/SE 63rd Street/SE Cougar Mountain Way intersection experiences extended queuing during the morning and evening commute periods. The City has completed a draft Alternatives Analysis evaluating several options to improve traffic operations at this intersection. We would like to give you an opportunity to see the options that were developed and hear what you think.

You're invited . . .

Thursday, August 22, 2013

4:30 – 7 p.m.

Lewis Creek Park

5808 Lakemont Boulevard

**Cookies & Refreshments will be
served.**

What is the Project Vision?

We are asking for your thoughts and ideas for what should be done to improve operations and safety at this intersection for drivers, pedestrians, and bicyclists.

What will I see at the Open House?

The purpose of the open house is to share how this intersection functions currently and examine how it can be improved.

Current traffic issues include:

- Long delays on SE 63rd Street and SE Cougar Mountain Way during high traffic periods
- Left-turn vehicles blocking Lakemont Boulevard SE during high traffic periods
- Turning trucks encroaching into adjacent lanes

Possible improvements:

- Adding left-turn lanes to Lakemont Boulevard SE
- Making the intersection all-way stop controlled
- Constructing a traffic signal
- Constructing a traffic roundabout

For each alternative, here is the following information that we will have at the open house:

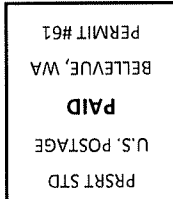

- Strengths and weaknesses of each alternative
- Conceptual layouts
- Delay comparisons
- Safety issues
- Environmental impacts
- Right-of-Way requirements
- Costs

Open House-- August 22, 2013

CITY OF BELLEVUE
Department of Transportation
PO Box 90012
Bellevue, WA 98009-9012

How will my comments help?

Your comments will help us to better understand your concerns and preferences in the selection of the alternative that will move forward to design.

What is the schedule?

- **Summer 2013** Work on developing a proposed design for the intersection
- **Fall 2013** Present the proposed improvement plan to City Council
- **Fall/Winter 2014** Finalized the proposed intersection plan
- **Summer 2014** Start construction of the intersection improvements

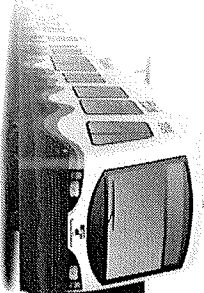

Questions and Comments?

If you have any questions or comments, please contact Paul Krawczyk, Project Manager, at 425-452-7905, or Pkrawczyk@bellevuewa.gov.

Title VI Notice to the Public: *It is the City of Bellevue's policy to assure that no person shall on the grounds of race, color, national origin or sex, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participating in, be denied the benefits of, or be otherwise discriminated against under any of its federally funded programs and activities. Any person who believes his/her Title VI protection has been violated may file a complaint with the Title VI Coordinator. East Link Extension Open House

Get involved

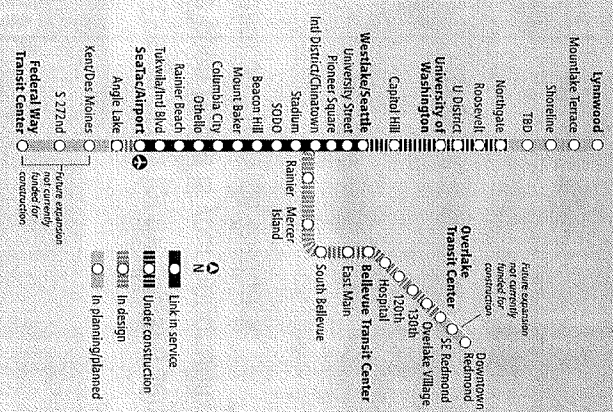

There's plenty to do before construction begins

During final design, Sound Transit encourages community members to comment on station design plans, landscaping, station materials and more. **This open house will focus on the Bel-Red Segment and the 130th Station.** The City of Bellevue will provide information about concurrent projects in the Bel-Red corridor.

Additional opportunities for public involvement will be available as design progresses. Sound Transit is committed to working with local jurisdictions and the community throughout this process.

Sound Transit plans, builds and operates regional transit systems and services to improve mobility for Central Puget Sound.

Here's What We're Thinking

November 2013

SE Newport Way Neighborhood Sidewalk Project Open House (150th Ave SE to 152nd Ave SE)

You're invited...

Open House

Thursday, November 21

4:30 p.m. to 6:30 p.m.

Eastgate United Congregational
Church of Christ
(Quilting Room)

Project Background: Currently, the sidewalk is lacking on the south side and bicycle facilities are lacking on both sides of SE Newport Way between 150th and 152nd Avenues SE.

Project Vision: The project's main goals are to address safety issues, to improve access to Eastgate Elementary School, to provide better access to transit, and to provide east-west bicycle route connectivity. The benefits of the proposed improvements include: addressing the safety concerns, and responding to the request from the many members of the local community that these improvements were needed.

What will I see at the Open House? The purpose of the open house is to share the conceptual bike lane and sidewalk designs and obtain your comments.

Proposed Improvements:

- Six-foot-wide sidewalk on the south side of SE Newport Way between 150th Avenue SE and 152nd Avenue SE
- Five-foot bike lanes on both sides of SE Newport Way between 150th Avenue SE and 152nd Avenue SE
- Landscaped planters between the new curb and gutter and sidewalk on the south side of SE Newport Way, where feasible
- Mid-block crosswalk upgrades near Eastgate Elementary School
- Neighborhood gateway treatments at the intersection of 150th Avenue SE and SE Newport Way
- Drainage system improvements

Project Schedule:

- Spring 2014 –Complete design
- Summer 2014 through Fall 2014 – Construction

Here's What We're Thinking

124th Avenue NE: NE 8th to NE 14th Street & 130th Avenue NE: Bel-Red Road to NE 20th Street Open House

You're invited to an Open House...

Wednesday, July 31

4:30 p.m. to 6:30 p.m.

Three Cedars Waldorf School

556 124th Avenue NE

Cookies & refreshments provided

Project Backgrounds: In the Bel-Red area north of NE 8th Street, the 124th Avenue NE and 130th Avenue NE corridors are changing. These corridors are parts of a larger system of planned improvements supporting planned growth in the Bel-Red area and the adopted alignment of Sound Transit's East Link project, including the 120th Avenue NE and 130th Avenue NE light rail stations.

Both of these projects will improve access, circulation, mobility and safety for all users of these corridors.

Purpose of the Open House: For both projects, we are asking for your thoughts and ideas regarding future bicycle and pedestrian connections and urban design features, such as landscaping, public space, and street design to create a sense of place.

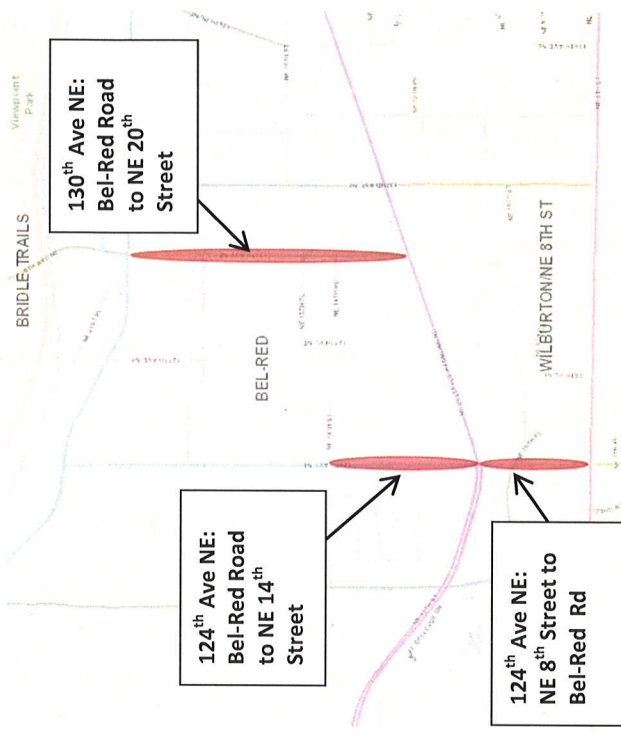

- ♦ **124th Avenue NE: NE 8th Street to Bel-Red Road and Bel-Red Road (NE 12th St) to NE 14th Street:**

For this project, you will have the opportunity to review the proposed cross-section alternatives and the incorporation of urban design elements. The 124th Avenue NE project, between NE 8th Street and NE 14th Street, is in its preliminary design stage. The section between Bel-Red and NE 14th

Street will include five lanes with bike lanes, sidewalk, or multi-purpose paths, landscaping, illumination and other urban design elements, which are consistent with the City's overall Bel-Red Corridor Plan.

- ♦ **130th Avenue NE: Bel-Red Road to NE 20th Street:** For this project, you will have the opportunity to review and comment on the urban design elements. This segment design of 130th Avenue NE is from the Bel-Red Subarea Plan, which envisions a retail "main street" serving a high density residential neighborhood with smaller scale retail lining both sides of the street. Sections of this project will be coordinated and implemented with Sound Transit's station and interim Park & Ride facility. The roadway will include a three-lane roadway south of the future NE 16th Street signalized intersection and a two-lane roadway with on-street parking and bike lanes to the north of NE 16th Street. Other improvements include sidewalks, landscape strips, and street lighting.

How will my comments help? Your comments will help the City to better understand your preferences for roadway sections and the urban design features and amenities that will convey the character and sense of place for these projects.

Wilburton Neighborhood Streetscape Enhancements

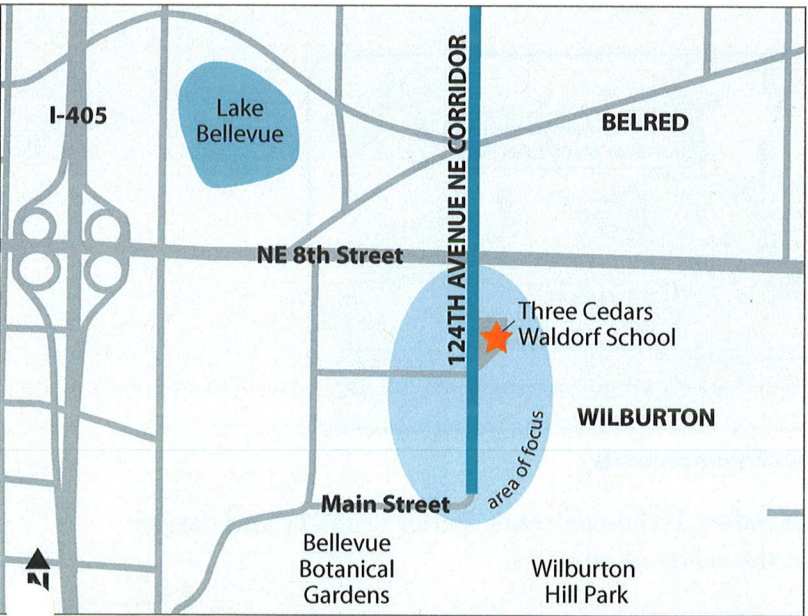

124th Avenue Corridor: Main Street to NE 8th Street

Recommendations for Your Neighborhood

The 124th Avenue NE corridor is an important connection between the Wilburton neighborhood, the Bel-Red Area, and SR 520. Future development and transportation investments are planned in the Bel-Red Area. To proactively address anticipated growth, the City has engaged the Wilburton community in an effort to identify appropriate streetscape improvements between Main Street and NE 8th Street.

This summer, the City invited members of the Wilburton community to join a committee that would recommend 124th Avenue NE streetscape improvements between Main Street and NE 8th Street. Volunteers formed the Neighborhood Streetscape Committee and, with support from the City's project team, discussed community feedback about values and priorities for this segment of the corridor.

As a result, the Committee identified ways to enhance the street to reflect the feel of a neighborhood corridor, while maintaining its function as a collector arterial. Collector arterials provide access to and from neighborhoods, and to City attractions like the Botanical Gardens and Wilburton Hill Community Park.

*Prefers phased implementation of enhancements with neighborhood engagement at each phase based on emerging data.

Recommended Streetscape Enhancements

Since July, the Neighborhood Streetscape Committee – a group of volunteers from the Wilburton neighborhood – has been working with the City’s project team to develop and refine potential streetscape improvements. We’ve also considered input that you and other community members have provided.

Preferred Concept - Main St to NE 8th St
Approximate Cost Estimate = \$490,000

Recommended streetscape enhancements will improve the look and feel of the corridor, letting motorists know they are traveling through Wilburton.

Features include:

Establishing a Wilburton neighborhood gateway at NE 8th Street by adding a median and other features

Improving pedestrian safety by adding pedestrian lighting and enhanced crosswalks in several locations

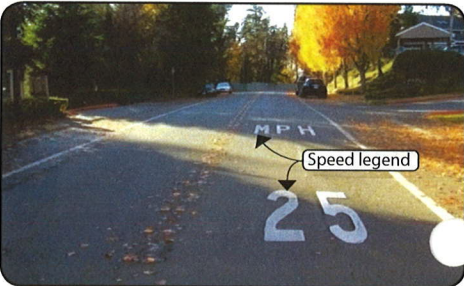

Calming traffic by adding:

- Two landscaped medians between NE 2nd Street and NE 5th Street
- Pavement markings, such as optical speed bars and speed legends
- Narrowed travel lanes to 10 feet
- Landscape enhancements along the street edge

STREETSCAPE STRATEGIES

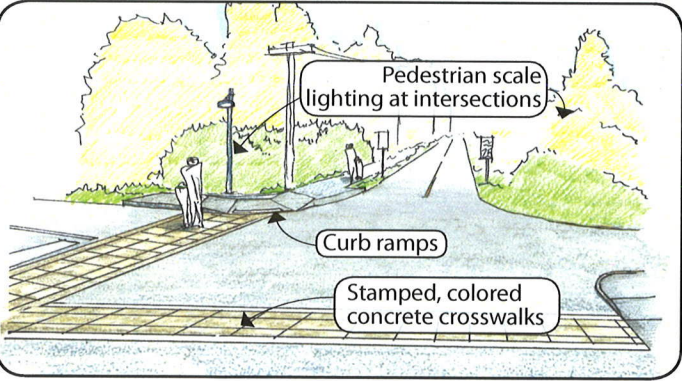

Pavement Markings - Optical Speed Bars

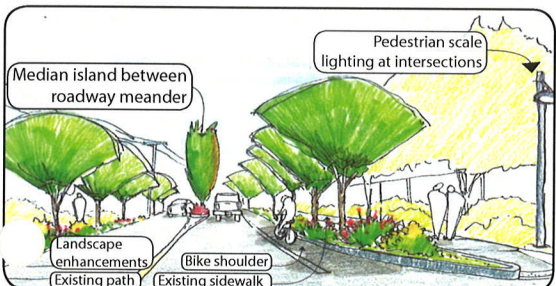

Pavement Markings - Speed Legends

1 Optical Speed Bars & Speed Legends: Motorists perceive a narrower lane and are reminded of the speed limit, which encourages safe driving practices.

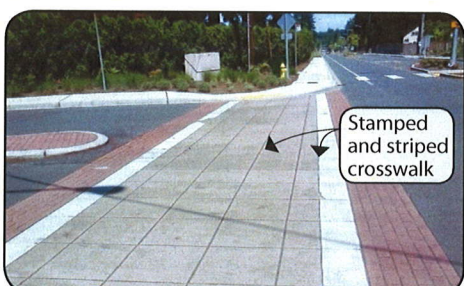

Intersection Safety Enhancements

2 Intersection Safety Enhancements: Better visibility and design will enhance the safety of all users.

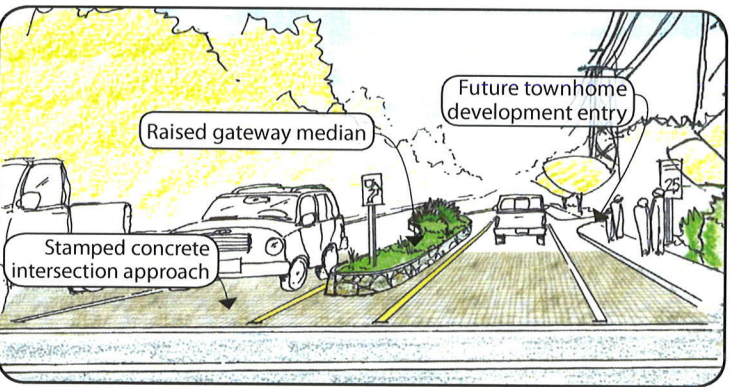

Roadway Medians

3 Roadway Medians: Visual cues and gentle meanders enhance the neighborhood feel of the roadway.

Crosswalk Enhancements

4 Crosswalk Enhancements: Attractive lighting and crosswalk treatments improve pedestrian safety.

Gateway Enhancements

5 Gateway Enhancements: Improvements at NE 8th Street let drivers know that they are entering the Wilburton neighborhood.

Community Open House

Learn more about the recommended streetscape enhancements that will be implemented along 124th Avenue NE.

4:30 to 6:30 p.m.

Three Cedars Waldorf School
556 124th Avenue NE

BRAINSTORMING WORKSHOP

Light rail is coming to your neighborhood. Whether you are excited or uncertain about light rail, the City of Bellevue and the Enatai Neighborhood Association **want to hear your ideas** about how to make the most of the East Link station that will be at the South Bellevue Park-and-Ride. The City is hosting a Brainstorming Workshop on **October 10**.

Workshop participants will identify community concerns and aspirations, as well as potential approaches to respond to them. These ideas will form the basis for Station Area Planning—a City of Bellevue program separate from the Sound Transit station design work—to prepare for the addition of a light rail station to the area.

Interested in participating?

- RSVP preferred, but not required.
- Have questions or want to submit ideas before or after the workshop? Send them to Kate March, City of Bellevue East Link Community Outreach Lead, at kmarch@bellevuewa.gov or 425-452-2055.

Small samples of comments we have heard so far include:

- Increase the ease and safety of the walk from my house to the station
- Prevent people from parking in the neighborhood and walking to the station
- Deter vehicles from driving through the neighborhood to avoid traffic on Bellevue Way

It is important to note that this Station Area Plan *does not* include:

- Rezoning property – it will *not* be considered
- Parking garage design or mitigation – this will be reviewed through the city permit process

BRAINSTORMING WORKSHOP

Thursday, October 10, 2013

- Open house begins at 6:30 pm
- Brainstorming workshop begins at 7 pm
